DECISION

Decisions of the tribunal

- (1) The tribunal grants dispensation from the consultation requirements under s20 ZA of the Landlord and Tenant Act 1985.

The application

1. The Applicant seeks dispensation from the consultation requirements under s20ZA of the Landlord and Tenant Act 1985.
2. The relevant legal provisions are set out in the Appendix to this decision.

The hearing

3. A written application was made by Winckworth Sherwood solicitors on behalf of Genesis Housing Association Ltd.
4. The bundle contains an email written on behalf of Brent Housing partnership confirming agreement to the works.

The background

5. The property which is the subject of this application is a property which has been converted into two flats. Flat 11B is let on a long lease.
6. External repair works were being carried out at the property and in order to carry out those works scaffolding had been erected. From the scaffolding it was apparent that works were desirable to a flat roof at the rear of the property as a result of a split in the asphalt covering and sagging to the underlying structure. If the works are carried out while the scaffolding is erected it would result in a saving of £3391.13 plus VAT if the scaffolding had to be erected separately.
7. Notice of the proposed works has been given to the lessee. The total cost will be £2779.02 plus VAT of which 50% will be payable by the lessee. The cost of re-scaffolding the building would be more than the cost of the repair.
8. The relevant repairs fall under the Landlord's repairing obligations.

The tribunal's decision

9. The tribunal grants dispensation from the consultation requirements of under s20 ZA of the Landlord and Tenant Act 1985 and the Service Charges (Consultation Requirements) (England) Regulations 2003.

Reasons for the tribunal's decision

10. The works are required to ensure the watertight integrity of the building is maintained. The carrying out of the repair works to the roof while scaffolding is erected will result in a significant saving of cost to the lessee in addition to avoiding further disruption. The tribunal is satisfied that dispensation should be granted.

Rights of appeal

By rule 36(2) of the Tribunal Procedure (First-tier Tribunal) (Property Chamber) Rules 2013, the tribunal is required to notify the parties about any right of appeal they may have.

If a party wishes to appeal this decision to the Upper Tribunal (Lands Chamber), then a written application for permission must be made to the First-tier Tribunal at the regional office which has been dealing with the case.

The application for permission to appeal must arrive at the regional office within 28 days after the tribunal sends written reasons for the decision to the person making the application.

If the application is not made within the 28 day time limit, such application must include a request for an extension of time and the reason for not complying with the 28 day time limit; the tribunal will then look at such reason(s) and decide whether to allow the application for permission to appeal to proceed, despite not being within the time limit.

The application for permission to appeal must identify the decision of the tribunal to which it relates (i.e. give the date, the property and the case number), state the grounds of appeal and state the result the party making the application is seeking.

If the tribunal refuses to grant permission to appeal, a further application for permission may be made to the Upper Tribunal (Lands Chamber).
