These Regulations make provision for a purpose mentioned in section 2(2) of the European Communities Act 1972 and it appears to the Scottish Ministers that it is expedient for the references to Article 5 and Annex II of Council Regulation (EC) No. 73/2009 to be construed as references to those provisions as amended from time to time.

^(a) (c.68); section 2(2) was amended by the Scotland Act 1998 (c.46), Schedule 8, paragraph 15(3); the Legislative and Regulatory Reform Act 2006 (c.51) (“the 2006 Act”), section 27(1); and the European Union (Amendment) Act 2008 (c.7), Schedule, Part 1. Paragraph 1A of Schedule 2 was inserted by the 2006 Act, section 28. Eligibility for payment of less favoured area support

3.—(1) Payment of less favoured area support may be made to an applicant in respect of a Scheme Year only if—

- (a) subject to paragraphs (2) and (3), that applicant has given an undertaking to continue to use eligible land for a period of not less than five years from the first payment made under—
 - (i) these Regulations;
 - (ii) the 2007 Regulations; or

- (b) that applicant has, in the opinion of the Scottish Ministers, met the requirements of cross compliance on the applicant’s holding throughout the Scheme Year.

(2) An applicant may be released from the undertaking referred to in paragraph (1)(a)—

- (a) if the applicant has, during the period for which the undertaking was given, transferred all or part of the holding to another person and that person agrees to take over the undertaking;
- (b) if the applicant has, during the period for which the undertaking was given, transferred all or part of the holding to an organisation, which in the opinion of the Scottish Ministers, has the main objective of nature conservation and where the transfer is for the principle purpose of securing a permanent change of land use into nature conservation with an associated benefit to the environment; or
- (c) if, in the opinion of Scottish Ministers, the applicant is prevented from continuing to discharge that undertaking by reason of any material circumstances beyond the control of that person.

Payment of less favoured area support

4. The Scottish Ministers may, on such occasions as they consider fit, in respect of the Scheme Year in question pay less favoured area support to an applicant who actively farms eligible land which is not less than 3 hectares.

Eligible land

5.—(1) Eligible land comprises the number of hectares of forage area in a less favoured area with—

- (a) a less favoured area support grazing category attributed to it by the Scottish Ministers prior to 1st January 2007; and
- (b) one of the land use codes specified in column 2 of Schedule 2 corresponding to the entry in column 1 of Schedule 2 relating to the use of the land,

as declared by the applicant in a single application in respect of the Scheme Year to which payment relates.

(2) Eligible land includes land in respect of which the applicant has a right of use pursuant to a short term let, seasonal grazing or common grazing or other such arrangement.

(3) If an application for less favoured area support relates to land situated outwith the dairy ring fence area and all or part of that land was used for dairy activity in the Scheme Year 2009 or in the first year of application, where the applicant did not submit a single application or claim less favoured area support in or prior to 2009, the Scottish Ministers shall determine the area of ineligible land attributable to dairy activity.

(4) The ineligible area referred to in paragraph (3) shall be deducted from the eligible area identified in accordance with paragraph (1).

Transfer of a holding

6.—(1) A decision by the Scottish Ministers to make a payment under regulation 4 must be in accordance with Article 82 of Commission Regulation 1122/2009.

(2) For the purposes of paragraph 6 of Article 82 of Commission Regulation 1122/2009, the Scottish Ministers must grant less favoured area support to the transferor of a holding if—

- (a) the transferor has been in continuous occupation of the holding for a period of not less than 183 calendar days in the Scheme Year concerned; and
- (b) the requirements of paragraphs 2 to 5 of Article 82 of Commission Regulation 1122/2009 have, in the opinion of the Scottish Ministers, been fulfilled.

PART III
CALCULATION OF LESS FAVOURED AREA SUPPORT

Amount of less favoured area support

7.—(1) Subject to paragraph (2) and regulation 12, the amount of less favoured area support is calculated in accordance with the following formula:—

$$LFAS = P \times R$$

Where—

LFAS is the amount of less favoured area support payable;

P is the payable area; and

R is the rate of payment determined in accordance with regulation 11.

(2) Where an applicant has eligible land in more than one grazing category (as determined for the purposes of regulation 8) then—

- (a) the calculation in paragraph (1) is applied in respect of the total area of eligible land in each grazing category and, for the purposes of each calculation—
 - (i) *P* is the payable area of land in each grazing category; and
 - (ii) *R* is the rate of payment for each type of grazing category determined in accordance with regulation 11; and
- (b) the total amount of less favoured area support payable is the sum of the calculations in respect of each grazing category.

Determination of Unadjusted Payable Area

8.—(1) The unadjusted payable area is the total of the areas of eligible land of the applicant in each grazing category, calculated in accordance with the following formula—

$$P = E \times V$$

Where—

P is the unadjusted payable area;

Subject to regulation 9(2) and (3), *E* is the area of eligible land in each field or shared grazing in the Scheme Year for which payment is to be made; and

V is the hectare value for each field or shared grazing determined in accordance with paragraph (2).

(2) For the purpose of paragraph (1), the hectare value is the entry in the third column of Schedule 3 corresponding to the grazing category in the second column of that Schedule.

(3) For the purposes of this regulation, the grazing category of each field or shared grazing of the applicant is the entry in the second column of Schedule 3 corresponding to the entry in the first column of that Schedule relating to the base year stocking density of each field or shared grazing.

(4) For the purposes of paragraph (3), the “base year stocking density” for each field or shared grazing is either—

- (a) the stocking density that was determined for that field or shared grazing by paragraphs (4) to (12) of regulation 9 of the 2003 Regulations following upon an application for less favoured area support under those Regulations; or
- (b) where no stocking density was determined under regulation 9 of the 2003 Regulations for a field or shared grazing, the stocking density figure determined by the Scottish Ministers under regulation 9(5) of the 2005 Regulations for that part of the land of the applicant on or before 31st December 2006.

Stocking density outwith the minimum and maximum stocking density parameters

9.—(1) The provisions of this regulation apply where the stocking density calculated in accordance with paragraph (4) and Parts I and II of Schedule 4 is either less than the minimum stocking density or greater than the maximum stocking density.

(2) Where the stocking density calculated in accordance with paragraph (4) and Parts I and II of Schedule 4 is less than the minimum stocking density, the eligible land for the purposes of the calculation in regulation 8(1) is the number of hectares calculated in accordance with the following formula—

$$E1 = (F \times S) \div M$$

Where—

E1 is the area of eligible land adjusted in accordance with this regulation;

F is the total area of eligible land of the applicant;

S is the stocking density calculated for the applicant in accordance with paragraph (4) and Parts I and II of Schedule 4; and

M is the minimum stocking density.

(3) Where the stocking density calculated in accordance with paragraph (4) and Parts I and II of Schedule 4 is greater than the maximum stocking density, the eligible land for the purposes of the calculation in regulation 8(1) is the number of hectares calculated in accordance with the following formula—

$$E2 = (F \times M) \div S$$

Where—

E2 is the area of eligible land adjusted in accordance with this regulation;

F is the total area of eligible land of the applicant;

M is the maximum stocking density; and

S is the stocking density calculated for the applicant in accordance with paragraph (4) and Parts I and II of Schedule 4.

(4) For the purpose of paragraphs (1), (2) and (3), the stocking density is to be calculated in accordance with Parts I and II of Schedule 4, using—

- (a) livestock units based on the number of livestock which the Scottish Ministers determine were maintained by the applicant—
 - (i) in 2009, where the applicant maintained livestock on eligible land declared in a single application in 2009; or

- (ii) in the first year of application for less favoured area support where the applicant did not submit a single application or claim less favoured area support in or prior to 2009; and

(b) the historic land area.

(5) In determining the number of livestock for the purposes of paragraph (4)(a), the Scottish Ministers must have regard to the livestock numbers declared by the applicant as being maintained by the applicant on eligible land on key dates in 2009 or the first year of application for less favoured area support, where the applicant did not submit a single application or claim less favoured area support in or prior to 2009.

(6) Where—

- (a) an applicant has land in more than one grazing category (as determined for the purposes of regulation 8); and
- (b) eligible land, for the purpose of the calculation in regulation 8(1), for that applicant has been reduced under paragraph (2) or (3),

the Scottish Ministers must apply that reduction in eligible land proportionately to the total of the eligible land in each grazing category for the purpose of the calculation in regulation 8(1).

(7) Where the stocking density calculated in accordance with paragraph (4) was less than the minimum stocking density due to the culling of the stock on the land in question in the context of the control of an outbreak of an epizootic disease—

- (a) during 2009; or
- (b) where the applicant did not submit a single application or claim less favoured area support in or prior to 2009, the first year of application,

the applicant may request that the Scottish Ministers determine the stocking density to be used for the purposes of the formula at paragraph (2).

(8) For the purposes of this regulation and Part II of Schedule 4, “historic land area” means the area of eligible land declared by the applicant in a single application in 2009 or in the first year of application where the applicant did not submit a single application or claim less favoured area support in or prior to 2009, prior to deduction of either or both of—

- (a) any penalty area calculated in accordance with Commission Regulation 1975/2006; and
- (b) any area deducted in accordance with regulation 6(5) of the 2007 Regulations^(a).

Enterprise mix

10.—(1) Subject to paragraphs (2) and (3), where at least 10% of the livestock units of the applicant, calculated in accordance with regulation 9(4) and Part I of Schedule 4, are cattle, the unadjusted payable area calculated in accordance with regulation 8 is to be adjusted in accordance with this regulation and the following formula—

$$P1 = P2 \times Z$$

Where—

P1 is the payable area;

P2 is the unadjusted payable area calculated in accordance with regulation 8; and

Z is the hectare multiplier contained in the second column of Schedule 8 corresponding to the proportion of livestock units (calculated in accordance with regulation 9(4) and Part I of Schedule 4) which are cattle contained in the first column of Schedule 8.

(2) Where the number of sheep used to calculate livestock units for the purposes of regulation 9(4) and Part I of Schedule 4 is lower than—

(a) S.S.I. 2007/439 as amended by S.S.I. 2008/294 and S.S.I. 2009/412.

- (a) the number of sheep used to calculate livestock units for the purposes of the Scheme 2006 payment; or
- (b) where an applicant did not receive a Scheme 2006 payment, the number of sheep used to calculate livestock units for the purposes of the Scheme 2005 payment,

and the hectare multiplier contained in the second column of Schedule 8, corresponding to the proportion of livestock units (calculated in accordance with regulation 9(4) and Part I of Schedule 4) which are cattle contained in the first column of Schedule 8, is higher than the hectare multiplier established for the purposes of the Scheme 2006 payment or, the Scheme 2005 payment as appropriate, then that hectare multiplier can only apply for the purposes of the Scheme 2010 payment, the Scheme 2011 payment, the Scheme 2012 payment or the Scheme 2013 payment if the number of cattle used to calculate livestock units for the purposes of regulation 9(4) and Part I of Schedule 4 is greater than the number of cattle used to calculate livestock units for the purposes of the Scheme 2006 payment or the Scheme 2005 payment as appropriate.

(3) Where the hectare multiplier contained in the second column of Schedule 8 to be used for the purposes of the formula in paragraph (1) is unrepresentative of the usual enterprise mix of the applicant, due to the culling of stock on the land in question in the context of the control of an outbreak of an epizootic disease—

- (a) during 2009; or
- (b) where the applicant did not submit a single application or claim less favoured area support in or prior to 2009, the first year of application,

the applicant may request that the Scottish Ministers determine the hectare multiplier contained in the second column of Schedule 8 to be used for the purposes of the formula in paragraph (1).

Rate of payment of less favoured area support

11.—(1) Where for the purposes of regulation 8, the grazing category of land, as specified in Schedule 3, is A or B, the rate of payment of less favoured area support for the purposes of regulation 7 is the rate per hectare of the unadjusted payable area set out in the entry in the second column in Part I (More Disadvantaged Land) of Schedule 5 corresponding to the fragility category in the first column of that Part of that Schedule applicable to the applicant in terms of paragraph (3).

(2) Where, for the purposes of regulation 8, the grazing category of land, as specified in Schedule 3, is C or D, the rate of payment of less favoured area support for the purposes of regulation 7 is the rate per hectare of the unadjusted payable area set out in the entry in the second column in Part II (Less Disadvantaged Land) of Schedule 5 corresponding to the fragility category in the first column of that Part of that Schedule applicable to the applicant in terms of paragraph (3).

(3) For the purposes of paragraphs (1) and (2), the fragility category applicable to the applicant is determined by the code of the parish in which the main farm of the applicant is situated as set out in Schedule 6.

AGENCY ARRANGEMENTS AND CROSS BORDER HOLDINGS

Agency arrangements

1. The Scottish Ministers may, with the agreement of any competent authority, arrange for any of their functions under these Regulations in relation to any claim to be exercised on their behalf by that competent authority.

2. The Scottish Ministers may also agree to exercise functions on behalf of another competent authority corresponding to those which are exercisable by the Scottish Ministers under these Regulations.

3. Any such arrangement shall be in writing and be signed by or on behalf of the Scottish Ministers and the competent authority and any such arrangement may be subject to such conditions (including conditions as to the costs and charge for costs) as may be agreed from time to time.

Set off

4. Without prejudice to the amount of any sum payable by the Scottish Ministers to any other competent authority, the amount of any sum payable by the Scottish Ministers, whether as principal or agent, by way of a specified payment may be set off against the amount of any sum recoverable by the Scottish Ministers, whether as principal or agent.

Calculation of payments in respect of cross border holdings

5. Where any holding in respect of which a claim has been made is a cross border holding, the Scottish Ministers may pay, on such occasions as they consider fit, in respect of the Scheme Year in question to an applicant less favoured area support for actively farming eligible land, providing the applicant has declared the eligible land in a single application which has been treated as a valid application by the competent authority concerned.

6. Whether the active farming undertaken on the eligible land is an integral part of the management of the whole holding or independently managed, the Scottish Ministers will only pay less favoured area support in respect of the active farming actually undertaken on eligible land defined as a less favoured area for the purposes of these Regulations.

7. For cross border holdings where the applicant has submitted a declaration of eligible land to another competent authority, the Scottish Ministers will apply the standard rate of payment.

8. Applicants in respect of cross border holdings are required to supply such information as authorised persons may reasonably require to assess the active farming actually undertaken on eligible land defined as a less favoured area for the purposes of these Regulations.

9. All conditions applying to applicants in respect of holdings lying wholly within the less favoured areas apply equally to applicants in respect of cross border holdings.

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations, which replace the Less Favoured Area Support Scheme (Scotland) Regulations 2007 (“the 2007 Regulations”), make provision for the purposes of the implementation of Council Regulation (EC) No. 1698/2005 on support for rural development by the European Agricultural Fund for Rural Development (EAFRD) (O.J. No. L 277, 21.10.2005, p.1), Commission Regulation (EC) Nos. 1974/2006 (O.J. No. L 368, 23.12.2006, p.15) and Commission Regulation (EC) 1975/2006 (O.J. No L 368, 23.12.2006, p.74) both laying down detailed rules for the application of Council Regulation 1698/2005. These Regulations provide for less favoured area support (“LFAS”) payments for the period 2010-2013.

These Regulations apply to holdings in respect of which the Scottish Ministers are the competent authority under the Common Agricultural Policy Single Payment and Support Schemes (Integrated Administration and Control System) Regulations 2009 (S.I. 2009/3263) (regulation 1(3)).

Eligibility for payment of LFAS is dependent upon the applicant giving an undertaking and meeting the criteria set out in regulation 3(1). It can only be paid to an applicant who actively farms eligible land (“actively farms” is defined in regulation 2(1) and “eligible land” is defined in regulation 5). No payment will be made where the amount of land is less than 3 hectares (regulation 4). There is provision at regulation 6 to determine to whom payment should be made where a holding is transferred during a Scheme Year.

LFAS is paid for eligible hectares on farms in Scottish less favoured areas at specified rates (regulations 7 and 11). The rate is fixed according to the grazing category (regulation 8 and Schedule 3) and the fragility category of the parish in which the main farm of the applicant lies (regulation 11(3) and Schedule 6).

The area of land on which LFAS is paid is normally the area of eligible land calculated in accordance with the formula set out in regulation 8(1) (the “unadjusted payable area”). The manner in which the area of unadjusted payable area is calculated will depend on the grazing category of that land (regulation 8(2)). The grazing category is allocated according to the historical stocking density of the applicant’s land known as the “base year stocking density” (regulation 8(3) and (4)).

Where the applicant has a stocking density which is above the maximum stocking density or below the minimum stocking density, the area of eligible land used to calculate the “unadjusted payable area” in regulation 8(1) is modified in accordance with regulation 9(2) and (3). The maximum and minimum stocking densities are defined in regulation 2(1). Stocking density for the purposes of regulation 9 will be based on the applicant’s 2009 livestock figures (regulation 9(4) and (5)). Regulation 9(7) makes provision to allow the Scottish Ministers to determine the stocking density where an applicant has not been able to achieve the minimum stocking because of slaughter in consequence of an epizootic disease.

Where more than 10% of the livestock maintained by the applicant (based on 2009 figures) was made up of cattle, the area of land on which LFAS will be paid will be increased in accordance with the adjustment set out in regulation 10 and Schedule 8.

Regulation 12 fixes a minimum payment of £385 for Scheme 2010-2013 payments (prior to the deduction of any penalties under Commission Regulation 1975/2006). Regulation 13 contains powers of enforcement. Regulation 15 provides for withholding or recovery of LFAS where there is a breach of the rules of the LFAS Scheme. Regulation 16 makes provision as to the publication of guidance. Regulations 19 to 22 deal with offences and penalties.

Regulations 23 and 24 deal with an applicant’s right of appeal against decisions taken by the Scottish Ministers as regards eligibility of the holding.

Regulation 25 amends the Rural Payments (Appeals) (Scotland) Regulations 2009 to make a correction to paragraph 13 of the Schedule to those Regulations and inserts a new paragraph 13A

to provide for an applicant's right of appeal against decisions taken by the Scottish Ministers under these Regulations.

Regulation 26(1) revokes the 2007 Regulations and amending instruments with the exception of regulation 26(2) of the 2007 Regulations. Regulation 26(2) of these Regulations makes a savings provision to ensure that Scheme 2007, Scheme 2008 and Scheme 2009 payments within the meaning of the 2007 Regulations as amended continue to have effect as if those Regulations had not been revoked.
