**DECISION**

- 1 Patents Form 7 names two inventors: James Chinitz and Eli Hatchwell.
- 2 Jasmin Roohi has filed an application under rule 10(2) of the Patents Rules 2007 to the effect that she ought also to have been named as a joint inventor in the published patent application.
- 3 The patent applicants, Population Diagnostics, Inc and The Research Foundation of State University of New York, have both provided written consent in support of the application filed under rule 10(2) by Jasmin Roohi. James Chinitz and Eli Hatchwell, have also provided written consent. I therefore conclude that all the relevant parties agree that Jasmin Roohi should be named as a joint inventor.
- 4 Accordingly I find that Jasmin Roohi should be mentioned as an inventor, along with each of the currently named inventors, in the published patent application and I direct, in accordance with rule 10(1), that an addendum slip mentioning her as such be prepared for the published patent application.
