TRADE MARKS ACT 1994

**IN THE MATTER OF APPLICATION NO. UK00003676928 IN THE NAME OF
KIDDIES NATION LIMITED FOR THE FOLLOWING TRADE MARK:**

KIDDIES NATION

IN CLASSES 5, 7, 8, 9, 10, 12, 16, 20, 21, 24, 25, 28 AND 35

AND

THE LATE FILING OF FORM TM8 AND COUNTERSTATEMENT

IN DEFENCE OF AN OPPOSITION

UNDER NO. 431112

BY JONESY LLC

BACKGROUND

1. On 4 August 2021, Kiddies Nation Limited ('the Applicant') applied for the trade mark **KIDDIES NATION** (no.3676928) in the UK. Registration is sought for a large number of goods and services in classes 5, 7, 8, 9, 10, 12, 16, 20, 21, 24, 25, 28 and 35. The full specification is annexed to this decision.
2. On 17 February 2022, Jonesy LLC ('the Opponent') opposed the Application by way of filing a notice of opposition and statement of case ("Form TM7"). The Opposition is based on section 5(2)(b) of the Trade Marks Act 1994 ('the Act') and is directed against the Applicant's class 25 goods and some of its class 35 services.
3. On 29 April 2022, the Tribunal served the Form TM7 on the Applicant by post and email at the addresses (both physical and email) provided by them. That letter contained the following paragraphs:

"Rule 18(1) and 18(3) of the Trade Marks Rules 2008 require that you must file your notice of defence and counterstatement (Form TM8) within **two months** from the date of this letter. Alternatively, if both parties wish to negotiate to resolve the dispute, they may request a "cooling off period" by filing a Form TM9c, which will extend the 2 month period in which to file a Form TM8 by up to a further seven months. Form TM9c is also available on the IPO website (above). Please note both parties must agree to enter into cooling off.

IMPORTANT DEADLINE: A completed Form TM8 (or Form TM9c) MUST be received on or before 29 June 2022.

Rule 18(2) of the Trade Marks Rules 2008 states that "*where an applicant fails to file a Form TM8 within the relevant period, the application for registration, insofar as it relates to the goods and services in respect of which the opposition is directed, shall, unless the registrar otherwise directs, be treated as abandoned.*" **It is important to understand that if the deadline**

date is missed, then in almost all circumstances, the application will be treated as abandoned.”

4. No Form TM8 was filed by the Applicant on or before 29 June 2022. On 15 August 2022, the Tribunal wrote to the Applicant, by post and by email, as follows:

“The official letter dated 29 April 2022 invited the applicant to file a TM8 and counterstatement on or before 29 June 2022.

As no TM8 and counterstatement has been filed within the time period set, Rule 18(2) applies. Rule 18(2) states that the application:

“.....shall, unless the registrar otherwise directs, be treated as abandoned.”

The registry is minded to deem the application as abandoned as no defence has been filed within the prescribed period.

If you disagree with the preliminary view you **must** provide full written reasons and request a hearing on, or before, **29 August 2022**. This **must** be accompanied by a Witness Statement setting out the reasons as to why the TM8 and counterstatement are being filed outside of the prescribed period.

If no response is received, the registry will proceed to deem the application abandoned in respect of:

Class 25: Baby bodysuits; Baby shoes; Babies' undergarments; Babies' clothing; Baby tops; Baby sandals; Baby boots; Baby pants; Baby clothes; Baby bottoms; Babies' outerclothing; Baby doll pyjamas; Underpants for babies; Babies' pants [clothing]; Clothing for babies; Plastic baby bibs; Knitted baby shoes; Babies' pants [underwear]; Clothes; Wristbands [clothing]; Tops [clothing]; Knitted clothing; Oilskins [clothing]; Motorcyclists' clothing; Hoods [clothing]; Leisure clothing; Infant clothing; Children's clothing; Childrens' clothing; Sports clothing; Leather clothing; Gloves [clothing]; Waterproof clothing; Plush clothing; Girls' clothing; Swaddling clothes; Layettes

and the application will proceed to registration for the remaining goods and services.”

5. On 28 August 2022, the Applicant filed a Form TM8, together with a Witness Statement from Sarah Inderlall¹ which included the following:

¹ The Applicant has not provided information on Sarah Inderlall’s relationship to the Applicant, but Companies House records indicate that Ms Inderlall is Director of the Applicant company.

Through this application the applicant namely **SARAH INDERLALL** wants to submit the reasons for the delay in filing TM8 and counterstatement in abidance of your letter dated 15/08/2022. I am humbly submitting the following reasons for the kind perusal of your worthy office:

- a. That I was applying through a representative who provided his assistance while applying for the Trademark.
- b. That after filing for the Trademark the opponent filed their TM7 to oppose my application.
- c. But when the I contacted to the representative who filed the trademark application he said “no no you do not need to reply or submit any counter statement”. Thus I stayed calm and cold not reply to your office action.
- d. Later on when I received second letter from your office in which I was warned for the abandonment of my Trademark Application. I contacted some attorneys who advised me to promptly submit my counter statement and TM8. Hence I am before this honorable forum.
- e. I have no bad faith or deliberate ignorance in this reply. I was misguided by the previous representative.

6. On 23 September 2022, in an official letter, the Tribunal:

(i) issued a preliminary view to refuse to admit the late Form TM8 and counterstatement;

and

(ii) appointed a joint hearing to discuss the above-mentioned preliminary view.

THE HEARING

7. A joint hearing took place before me, by telephone conference, on 11 October 2022. Mr Akmal Saleem attended on behalf of the Applicant. Mr Nick Bolter and Mr Martin Whittle, of Morgan Lewis & Bockius UK LLP, attended on behalf of the Opponent. Mr Bolter filed a skeleton argument in advance of the hearing.

8. Mr Saleem submitted that the Applicant had previously been represented by another representative ‘who did not know anything about the law and the procedure’ and that this was the reason for the late filing of the Applicant’s Form TM8. Mr Saleem also said that he himself was ‘not licensed to run in the UK’, but he confirmed that he was the Applicant’s current legal representative.

9. Mr Bolter submitted that, not only was the deadline for filing the Form TM8 not met, it was missed by two months. Mr Bolter argued that the Opponent's position would be prejudiced if the Form TM8 were admitted. It was further submitted that, whether or not the Applicant's previous representative was competent, the Applicant has failed to provide any good reason for having missed the clearly stated deadline. Mr Bolter argued that the reasons provided by the Applicant for the late filing of the TM8 and counterstatement are neither 'extenuating circumstances' nor 'compelling reasons' sufficient to warrant the Tribunal to exercise its discretion in the Applicant's favour.

DECISION

10. The filing of a Form TM8 and counterstatement in opposition proceedings is governed by rule 18 of the Trade Marks Rules 2008 ('the Rules'). The relevant parts read as follows:

"18. – (1) The applicant shall, within the relevant period, file a Form TM8, which shall include a counter-statement.

(2) Where the applicant fails to file a Form TM8 or counter-statement within the relevant period, the application for registration, insofar as it relates to the goods and services in respect of which the opposition is directed, shall, unless the registrar otherwise directs, be treated as abandoned.

(3) Unless either paragraph (4), (5) or (6) applies, the relevant period shall begin on the notification date and end two months after that date."

11. The combined effect of rules 77(1), 77(5) and Schedule 1 of the Rules means that the time limit in Rule 18, which sets out the period within which the defence must be filed, is non-extensible other than in the circumstances identified in Rule 77(5), which states:

"A time limit listed in Schedule 1 (whether it has already expired or not) may be extended under paragraph (1) if, and only if –

(a) the irregularity or prospective irregularity is attributable, wholly or in part, to a default, omission or other error by the registrar, the Office or the International Bureau; and

(b) it appears to the registrar that the irregularity should be rectified.”

12. There is no suggestion that there has been an irregularity on the part of the Tribunal. Consequently, the only basis upon which the Applicant may be allowed to defend the opposition proceedings is if I exercise in his favour the discretion afforded to me by the use of the words ‘unless the registrar otherwise directs’ in Rule 18(2).

13. In making my assessment as to whether to exercise my discretion to admit the Applicant’s defence in the instant case, I will take into account the decisions of the Appointed Person in *Kickz AG v Wicked Vision Limited* (BL O-035-11) and *Mark James Holland v Mercury Wealth Management Limited* (BL O-050-12) i.e. I must be satisfied that there are extenuating circumstances which justify the exercise of the discretion in the Applicant’s favour.

14. In *Music Choice Ltd’s Trade Mark* [2005] RPC 18, the Court indicated that a consideration of the following factors (underlined below) is likely to be of assistance in reaching a conclusion as to whether or not the discretion should be exercised in favour of a party in default. That is the approach that I will adopt.

The circumstances relating to the missing of the deadline including reasons why it was missed and the extent to which it was missed;

15. As noted above, the Form TM7 was served by post and email on 29 April 2022 at the addresses (both physical and email) provided by the Applicant. There has been no suggestion from the Applicant that this correspondence was not received. It is clear from the content of the Applicant’s Witness Statement that the

correspondences from the Registry were received; and the Applicant has stated therein that its representative at the time was dealing with the matter. It is therefore clear that the Applicant was fully aware that its Application was being opposed.

16. The Applicant filed its Form TM8 two months after the deadline set by the Registry.

The nature of the Opponent's allegations in its Statement of Grounds;

17. The Opposition is based upon sections 5(2)(b) of the Act and is a partial opposition.

It is directed against the Applicant's class 25 goods and some of its class 35 services. I note that the proof of use provision is not engaged.²

The nature of the allegations is such that neither party is required³ to adduce evidence.

The consequences of treating the Applicant as defending or not defending the Opposition;

18. If the Applicant is allowed to defend the Opposition, the proceedings will continue with the parties given an opportunity to file evidence and the matter will be determined on its merits.

19. If, however, the Applicant is not allowed to defend the Opposition, the Application will be deemed abandoned in respect of the opposed goods and services. The Application will proceed to registration only in respect of the remainder of its applied-for goods and services. For the opposed goods and services, the Applicant will lose its filing date of 4 August 2021. It will remain open to the Applicant to re-file its Application in respect of the opposed goods and services, which may, in turn, be opposed again by the Opponent.

Any prejudice caused to the Opponent by the delay

20. Mr Bolter submitted that the Opponent's position had been prejudiced by virtue of the delay leading up to the hearing, but he did not elaborate.

² Section 6A of the Act.

³ Although a party may elect to file evidence.

Any other relevant considerations such as the existence of related proceedings between the parties

21. There do not appear to be any other relevant considerations.

Conclusions

22. In reaching my decision, as noted above, I recognise that if the discretion is not exercised in the Applicant's favour, the opposition will succeed in respect of the opposed goods and service and the Applicant will lose its filing date in respect of those particular goods and services in its Application. I further recognise that it may be that the Applicant will simply re-file its Application in respect of the opposed goods and services and that this may, once again, be opposed by the Opponent resulting in opposition proceedings arising at some point in the future. However, as the loss of priority and possibility of further proceedings on much the same basis is often the consequence of a failure to comply with the non-extensible deadline to file a Form TM8, these are not factors that, in my view, are particularly compelling.

23. The Applicant has submitted that it had engaged legal representation. I note, however, that there is no prior representative on record as having acted for the Applicant. Although this is less than satisfactory, it is my view that the Applicant nevertheless made an earnest attempt to take some action upon receipt of the form TM7 by way of contacting her representative. The fact that the Applicant eventually succeeded in filing the late TM8 on 28 August 2022 before the deadline of 29 August 2022 stipulated in the letter from Registry also, to my mind, weighs in its favour. It is my view that, but for the erroneous advice received from the Applicant's previous representative, the Applicant would likely have filed the Form TM8 within the original deadline.

Outcome

24. In the light of the foregoing, my decision is to exercise the discretion available under Rule 18(2) in favour of the Applicant and to allow the late-filed Form TM8 to be admitted into the proceedings.

Dated this 17th day of October 2022
